DOCKET NO. 93-533-E - ORDER NO. 93-991 *lc*
OCTOBER 29, 1993

IN RE: Request of Duke Power Company Proposing) ORDER
to Discontinue Furnishing Meter Enclosures) APPROVING
for Single Phase Self-Contained Temporary) APPLICATION
Construction Services.)

This matter comes before the Public Service Commission of South Carolina (the Commission) on the August 25, 1993 Application of Duke Power Company (Duke or the Company) seeking approval to discontinue, effective January 1, 1994, meter enclosures for single phase self-contained temporary construction services. After January 1, 1994, customers needing single phase 120/240 volt self-contained enclosures for temporary construction service will be required to purchase these enclosures from other sources such as local electrical suppliers.

By letter dated September 17, 1993, the Commission's Executive Director instructed Duke to cause to be published a prepared Notice of Filing, one time, in newspapers of general circulation in the areas affected by the Company's Application. The Notice of Filing indicated the nature of the Company's Application and advised all interested parties desiring participation in the proceeding of the manner and time in which to file the appropriate pleadings. The Company furnished affidavits

demonstrating that the Notice had been duly published in accordance with the instructions of the Executive Director. No Protests or Petitions to Intervene were filed.

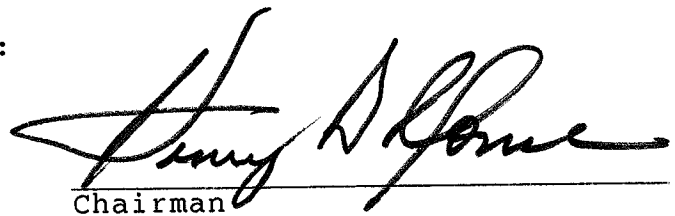

The Commission has examined this matter and believes that the Company's Application should be granted as filed. The Company states good cause for discontinuance of the Company's present program.

IT IS THEREFORE ORDERED THAT:

1. The Application of Duke Power Company proposing to discontinue furnishing meter enclosures for single phase self-contained temporary construction services is hereby granted.

2. This Order shall remain in full force and effect until further Order of the Commission.
